An Act amending title 27, chapter 1 of the Virgin Islands Code by adding a new subchapter Va. establishing the Nurse Licensure Compact to create a multistate nursing license

PROPOSED BY: Senator Kurt A. Vialet
Co-Sponsors: Kenneth L. Gittens, Samuel Carrión, Donna A. Frett-Gregory, Carla J. Joseph and Milton E. Potter

Be it enacted by the Legislature of the Virgin Islands:

SECTION 1. Title 27 of the Virgin Islands Code is amended by adding a subchapter Va. to read as follows:

“Subchapter Va. Nurse Licensure Compact

§111. ARTICLE 1 Findings and declaration of purpose

The Nurse Licensure Compact is enacted and entered into with all other jurisdictions that legally join in the Compact in the form substantially as the Compact appears in this section as follows.

The party states find:
(a) The health and safety of the public are affected by the compliance with, and the effectiveness of enforcement activities related to state nurse licensure laws;

(b) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(c) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation’s health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(d) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(e) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

(f) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits;

(g) The general purposes of this Compact are to:

(1) Facilitate the states' responsibility to protect the health and safety of the public;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;
Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

(6) Decrease redundancies in the consideration and issuance of nurse licenses; and

(7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

§ 112. ARTICLE 2. Definitions

As used in this Compact:

(a) “Adverse action” means any administrative, civil, equitable or criminal action permitted by a state’s laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual’s license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee’s practice, or any other encumbrance on licensure affecting a nurse’s authorization to practice, including issuance of a cease and desist action.

(b) “Alternative program” means a non-disciplinary monitoring program approved by a licensing board.

(c) “Commission” means the Interstate Commission of Nurse Licensure Compact Administrators established by this compact.

(d) “Compact” means the Nurse Licensure Compact recognized, established, and entered into by the state under this compact.

(e) “Coordinated licensure information system” means an integrated process for collecting, storing and sharing information on nurse licensure and enforcement activities related
to nurse licensure laws that is administered by a nonprofit organization composed of and
controlled by licensing boards.

(f) “Current significant investigative information” means either:

(1) Investigative information that a licensing board, after a preliminary
inquiry that includes notification and an opportunity for the nurse to respond, if required
by state law, has reason to believe is not groundless and, if proved true, would indicate
more than a minor infraction; or

(2) Investigative information that indicates that the nurse represents an
immediate threat to public health and safety regardless of whether the nurse has been
notified and had an opportunity to respond.

(g) “Encumbrance” means a revocation or suspension of, or any limitation on, the full
and unrestricted practice of nursing imposed by a licensing board.

(h) “Home state” means the party state which is the nurse’s primary state of residence.

(i) “Licensing board” means the party state’s regulatory body responsible for issuing
nurse licenses.

(j) “Multistate license” means a license to practice as a registered or a licensed
practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the
licensed nurse to practice in all party states under a multistate licensure privilege.

(k) “Multistate licensure privilege” means a legal authorization associated with a
multistate license permitting the practice of nursing as either a registered nurse (RN) or licensed
practical/vocational nurse LPN/VN in a remote state.

(l) “Nurse” means RN or LPN/VN, as those terms are defined by each party state’s
practice laws.

(m) “Party state” means any state that has adopted this Compact.
(n) “Remote state” means a party state, other than the home state.

(o) “Single state license” means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.

(p) “State” means a state, territory or possession of the United States and the District of Columbia.

(q) “State practice laws” means a party state’s laws, rules and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

§113. ARTICLE 3 General provisions and jurisdiction

(a) A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in the state is recognized by each party state as authorizing a nurse to practice as a RN or as a LPN/VN, under a multistate licensure privilege, in each party state.

(b) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures must include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant’s criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining the state’s criminal records.

(c) To obtain or retain an multistate license in the home state, the home state shall require that the applicant:

(1) Meets the home state’s qualifications for licensure or renewal of licensure, as well as, all other applicable state laws;
(2) (A) Has graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN prelicensure education program; or

(B) Has graduated from a foreign RN or LPN/VN prelicensure education program that:

(i) has been approved by the authorized accrediting body in the applicable country; and

(ii) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) Has graduated from a foreign prelicensure education program, if not taught in English, or if English is not the individual’s native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing and listening;

(4) Has successfully passed an NCLEX-RN or NCLEX-PN Examination or recognized predecessor, as applicable;

(5) Is eligible for or holds an active, unencumbered license;

(6) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining the state’s criminal records;

(7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;
(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) Is not currently enrolled in an alternative program;

(10) Is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) Has a valid United States Social Security number.

(d) All party states may, in accordance with existing state due process law, take adverse action against a nurse’s multistate licensure privilege, such as revocation, suspension, probation or any other action that affects a nurse’s authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care but includes all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege subjects a nurse to the jurisdiction of the licensing board, the courts and the laws of the party state in which the client is located at the time service is provided.

(f) Individuals not residing in a party state may apply for a party state’s single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals does not grant the privilege to practice nursing in any other party state.
Nothing in this Compact affects the requirements established by a party state for the issuance of a single-state license.

(g) Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the multistate license issued by the nurse’s then-current home state, if:

(1) A nurse, who changes primary state of residence after this Compact’s effective date, meets all section 113 (c), Article 3 (c) requirements to obtain a multistate license from a new home state.

(2) A nurse who fails to satisfy the multistate licensure requirements in section 113 (c), Article 3 (c) due to a disqualifying event occurring after this Compact’s effective date, the nurse is ineligible to retain or renew a multistate license, and the nurse’s multistate license must be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators (“Commission”).

§ 114. ARTICLE 4 Applications for Licensure in a Party State

(a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant and whether the applicant is currently participating in an alternative program.

(b) A nurse may hold a multistate license, issued by the home state, in only one-party state at a time.
(c) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state must be deactivated in accordance with applicable rules adopted by the Commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license must not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(3) If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state must convert to a single-state license, valid only in the former home state.

§115. ARTICLE 5 Additional authorities invested in Party State licensing boards

(a) In addition to other powers conferred by state law, a licensing board may:

(1) Take adverse action against a nurse’s multistate licensure privilege to practice within that party state.

(A) Only the home state may take adverse action against a nurse’s license issued by the home state.

(B) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.
(2) Issue cease and desist orders or impose an encumbrance on a nurse’s authority to practice within that party state.

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board may also take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witness, as well as, the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state must be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks and use the results in making licensure decisions.

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.
(7) Take adverse action based on the factual findings of the remote state if the licensing board follows its own procedures for taking such adverse action.

(b) If adverse action is taken by home state against a nurse’s multistate license, the nurse’s multistate licensure privilege to practice in all other party states must be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse’s multistate license must include a statement that the nurse’s multistate licensure privilege is deactivated in all party states during the pendency of the order.

(c) Nothing in this Compact overrides a party state’s decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse’s participation in an alternative program.

§ 116. ARTICLE 6 Coordinated Licensure Information System and Exchange of Information

(a) All party states shall participate in a coordinated licensure information system of all licensed RNs and LPNs/VNs. This system must include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

(b) The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection and exchange of information under this Compact.

(c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications, with the reasons for such denials, and nurse participation in alternative programs.
known to the licensing board regardless of whether such participation is deemed nonpublic or
confidential under state law.

(d) Current significant investigative information and participation in nonpublic or
confidential alternative programs must be transmitted through the coordinated licensure
information system only to party state licensing boards.

(e) Notwithstanding any other law, all party state licensing boards contributing
information to the coordinated licensure information system may designate information that
may not be shared with non-party states or disclosed to other entities or individuals without the
express permission of the contributing state.

(f) Any personally identifiable information obtained from the coordinated licensure
information system by a party state licensing board must not be shared with non-party states or
disclosed to other entities or individuals except to the extent permitted by the laws of the party
state contributing the information.

(g) Any information contributed to the coordinated licensure information system
that is subsequently required to be expunged by the laws of the party state contributing that
information must also be expunged from the coordinated licensure information system.

(h) The Compact administrator of each party state shall furnish a uniform data set to
the Compact administrator of each other party state which must include, at a minimum:

(1) Identifying information;

(2) Licensure data;

(3) Information related to alternative program participation; and

(4) Other information that may facilitate the administration of this Compact,
as determined by Commission rules.
The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

§117. ARTICLE 7 Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

(a) There is created and established by the party states a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.

(1) The Commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the Commission must be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this Compact may be construed to be a waiver of sovereign immunity.

(b) Membership, Voting and Meetings

(1) Each party state has and is limited to one administrator. The head of the state licensing board of designee is the administrator of this Compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the Administrator is appointed. Any vacancy occurring in the Commission must be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator is entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An administrator shall vote in person or by
such other means as provided in the bylaws. The bylaws may provide for an administrator’s participation in meetings by telephone or other means of communication.

(3) The Commission shall meet at least once during each calendar year. Additional meetings must be held as set forth in the bylaws or rules of the Commission.

(4) All meetings must be open to the public, and public notice of meetings must be given in the same manner as required under the rulemaking provisions in section 118, article 8.

(5) The Commission may convene in a closed, nonpublic meeting if the Commission must discuss:

(A) Noncompliance of a party state with its obligations under this Compact;

(B) The employment, compensation, discipline or other personnel matters, practices or procedures related to specific employees or other matters related to the Commission’s internal personnel practices and procedures;

(C) Current, threatened or reasonably anticipated litigation;

(D) Negotiation of contracts for the purchase or sale of goods, services or real estate;

(E) Accusing any person of a crime or formally censuring any person;

(F) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(G) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
(H) Disclosure of investigatory records compiled for law enforcement purposes;

(I) Disclosure of information related to any reports prepared by or on behalf of the Commission for the purpose of investigation of compliance with this Compact; or

(J) Matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission’s legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action must be identified in such minutes. All minutes and documents of a closed meeting must remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

(c) The Commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this Compact, including but not limited to:

(1) Establishing the fiscal year of the Commission;

(2) Providing reasonable standards and procedures:

(A) For the establishment and meetings of other committees; and

(B) Governing any general or specific delegation of any authority or function of the Commission;
Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public’s interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the Commission;

Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws exclusively govern the personnel policies and programs of the Commission; and

Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of this Compact after the payment or reserving of all of its debts and obligations;

The Commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the Commission.

The Commission shall maintain its financial records in accordance with the bylaws.

The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.

The Commission has the following powers:
(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this Compact. The rules have the force of law and are binding in all party states;

(2) To bring and prosecute legal proceedings or actions in the name of the Commission, but the standing of any licensing board to sue or be sued under applicable law is not affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept or contract for services of personnel, including, but not limited to, employees of a party state or nonprofit organizations;

(5) To cooperate with other organizations that administer state compacts related to the regulation of nursing, including but not limited to sharing administrative or staff expenses, office space or other resources;

(6) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this Compact, and to establish the Commission’s personnel policies and programs relating to conflicts of interest, qualifications of personnel and other related personnel matters;

(7) To accept any and all appropriate donations, grants and gifts of money, equipment, supplies materials and services, and to receive, utilize and dispose of them, but at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

(8) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold improve or use, any property, whether real, personal or mixed; but at all times the Commission shall avoid any appearance of impropriety;
To sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise
dispose of any property, whether real, personal or mixed;

To establish a budget and make expenditures;

To borrow money;

To appoint committees, including advisory committees comprised of
administrators, state nursing regulators, state legislators or their representatives, and
consumer representatives, and other such interested persons;

To provide and receive information from, and to cooperate with, law
enforcement agencies;

To adopt and use an official seal; and

To perform such other functions as may be necessary or appropriate to
achieve the purposes of this Compact consistent with the state regulation of nurse
licensure and practice.

(h) Financing of the Commission:

(1) The Commission shall pay, or provide for the payment of, the reasonable
to cover the cost of its operations, activities and staff in its annual budget
expenses of its establishment, organization and ongoing activities.

(2) The Commission may also levy on and collect an annual assessment from
only be allocated based upon a formula to be determined by the Commission, which shall
each party state to cover the cost of its operations, activities and staff in its annual budget
promulgate a rule that is binding upon all party states.

(3) The Commission may not incur obligations of any kind prior to securing
the funds adequate to meet the obligations; nor may the Commission pledge the credit
of any of the party states, except by, and with the authority of, such party state.
(4) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission must be audited yearly by a certified or licensed public accountant, and the report of the audit must be included in and become part of the annual report of the Commission.

(i) Qualified Immunity, Defense and indemnification:

(1) The administrators, officers, executive director, employees and representatives of the Commission are immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph may be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional, willful or wanton misconduct of that person.

(2) The Commission shall defend any administrator, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities, but nothing herein may be construed to prohibit that person from retaining that person’s own
counsel; and except that the actual or alleged act, error or omission must not have resulted from that person’s intentional, willful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any administrator, officer, executive director, employee or representative of the Commission for the amount of any settlement or judgement obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that such person had a reasonable basis for believing it occurred within the scope of Commission employment, duties or responsibilities, if the actual or alleged act, error or omission did not result from the intentional, willful or wanton misconduct of that person.

§ 118. ARTICLE 8 Rulemaking

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments become binding as of the date specified in each rule or amendment and shave the same force as provisions of this Compact.

(b) Rules or amendments to the rules must be adopted at a regular or special meetings of the Commission.

(c) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 60 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

(1) On the website of the Commission; and

(2) On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

(d) The notice of proposed rulemaking must include:
(1) The proposed time, date and location of the meeting in which the rule will be considered and voted upon;

(2) The text of the proposed rule or amendment, and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

(e) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions and arguments, which must be made available to the public.

(f) The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(g) The Commission shall publish the place, time and date of the scheduled public hearing.

(1) Hearings must be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings must be recorded, and a copy must be made available upon request.

(2) Nothing in this section may be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(h) If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.
Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date or the rule, if any, based on the rulemaking record and the full text of the rule.

Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice and opportunity for comment or hearing, but the usual rulemaking procedures provided in this Compact and in this section must be retroactively applied to the rule as soon as reasonably possible, but not later than 90 days after the effective date of the rule. For the purposes of this subsection, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety or welfare;
2. Prevent a loss of Commission or party state funds; or
3. Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions must be posted on the website of the Commission. The revision is subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge must be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision must
take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

§119. ARTICLE 9 Oversight, dispute resolution and enforcement

(a) Oversight:

(1) Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact’s purposes and intent.

(2) The Commission is entitled to receive service of process in any proceeding that may affect the powers, responsibilities or actions of the Commission, and has standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission renders a judgement or order void as to the Commission, this Compact or promulgated rules.

(b) Default, technical assistance and termination:

(1) If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

   (A) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default or any other action to be taken by the Commission; and

   (B) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state’s membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not
relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this Compact must be imposed only after all other means of securing compliance have been exhausted. Notice of suspension or termination must be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state’s licensing board and each of the party states.

(4) A state whose membership in this Compact has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission does not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party must be awarded all costs of such litigation, including reasonable attorney’s fees.

(c) Dispute Resolution:

(1) Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and non-party states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.
In the event the Commission cannot resolve disputes among party states arising under this Compact:

(A) The party states may submit the issues in dispute to an arbitration panel, which must be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

(B) The decision of a majority of the arbitrators is final and binding.

(d) Enforcement:

(1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. If judicial enforcement is necessary, the prevailing party must be awarded all costs of such litigation, including reasonable attorneys’ fees.

(3) The remedies herein are the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

§ 120. ARTICLE 10 Effective date, withdrawal and amendment

(a) This Compact becomes effective and binding on the earlier of the date of legislative enactment of this Compact into law by no less than 26 states or December 31, 2019. All party states to this Compact, that also were parties to the prior Nurse Licensure Compact,
superseded by this Compact, (Prior Compact), are deemed to have withdrawn from the Prior
Compact within six months after the effective date of this Compact.

(b) Each party state to this Compact shall continue to recognize a nurse’s multistate
licensure privilege to practice in that party state issued under the Prior Compact until such party
state has withdrawn from the Prior Compact.

(c) Any party state may withdraw from this Compact by enacting a statute repealing
the Compact. A party state’s withdrawal does not take effect until six months after enactment
of the repealing statute.

(d) A party state’s withdrawal or termination does not affect the continuing
requirement of the withdrawing or terminated state’s licensing board to report adverse actions
and significant investigations occurring prior to the effective date of such withdrawal or
termination.

(e) Nothing contained in this Compact may be construed to invalidate or prevent any
nurse licensure agreement or other cooperative arrangement between a party state and a non-
party state that is made in accordance with the other provisions of this Compact.

(f) This Compact may be amended by the party states. No amendment to this
Compact becomes effective and binding upon the party states unless and until it is enacted into
laws of all party states.

(g) Representatives of non-party states to this Compact may be invited to participate
in the activities of the Commission, on a nonvoting basis, prior to the adoption of the Compact
by all states.

§121. ARTICLE 11 Construction and severability

(a) The Compact must be liberally construed so as to effectuate its purposes. The
provisions of this Compact are severable, and if any article, section, subsection, phrase, clause,
sentence or provision of this Compact is declared to be contrary to the constitution of any party
state or of the United States, or if the applicability thereof to any government, agency, person
or circumstance is held invalid, the validity of the remainder of this Compact and the
applicability of this Compact to any government, agency, person or circumstance is not affected
thereby.

(b) If this Compact is contrary to the constitution of any party state, this Compact
remains in full force as to the remaining party states and in full force and effect as to the party
state affected as to all severable matters.

BILL SUMMARY

This bill adopts the Nurse Licensure Compact in the Virgin Islands thereby creating a
multistate nursing license. Section 111 sets forth the purpose of the Compact. The Nursing
Licensure Compact removes complications for nurses practicing in multiple states. Nurses from
Compact states may work in multiple states without having to spend time in applying for
licensure in each state or being burdened by multiple renewal requirements and fees. Section
112 defines terms as used in the subchapter. Section 113 details the general provisions and
jurisdiction of the Compact, and Section 114 provides for Licensure in Home States. Section
115 provides additional authorities invested in party state licensing boards. Section 116
provides for a coordinated licensure information system and for the exchange of information.
Section 117 establishes the Interstate Commission of Nurse Licensure Compact Administrators.
§118 sets forth rulemaking powers of the Commission. §119 provides for oversight, dispute
resolution, and enforcement of the Compact. §120 outlines the effective date and provisions for
amendment of the Compact, and the requirements for withdrawal from the Compact. Section
121 addresses construction and severability.
